

Wet Chemical

Description

Portable Wet Chemical - Pressurized

Model: BFE WC6

Application

Designed for light and ordinary hazard protection

Suited for both Industrial and Commercial fire protection need.

Suitable for A and F Fire Class such as wood, oils and fats and fire due to electric ignition

Features

- Approved Extinguisher are designed and manufacture in compliance with latest BS EN 3 standard
- Ready for instant use
- Simple operation and maintenance
- Cylinders are made from high quality steel
- 100% Hydrostatically tested
- Powder coated for high corrosion resistance
- Easy grip control valve
- Low cost maintenance
- Certificate No: KM 503775

Technical Data

	Kitemark Approved
Model Specification	BFE WC6
Fire Class	AF
Extinguishing Agent	Wet Chemical
Nominal Capacity	6L
Operating Temp Range (°C)	From +50 C to +600 C
Propellant	Nitrogen
Working Pressure (bar)	14 bar
Test Pressure	27 bar
Fire Rating	13A & 75F
